TCL Tanker Rental Ltd ●●●●●
specialists in stainless steel tanker solutions

Company profile ●●●●●

TCL - your first stop in tanker rental

Welcome to TCL Tanker Rental, one of the UK's largest stainless steel tanker rental companies, with over 20 year's experience of the UK market.

Our rental fleet has grown to over 200 state-of-the-art tankers and will continue to expand to cater for the needs of a variety of market sectors, including Chemical, Milk, Food, Water and Waste in both the UK and overseas.

Our dedication to quality and to providing a friendly, helpful service is recognised and appreciated by our extensive customer base, which includes major blue-chip companies who have been with us for many years.

Now a part of the Turner Group, TCL Tanker Rental has a solid financial base to match its reputation and to develop it further through technology, access to finance and investment and, most importantly, customer service, a key Turner Group value:

"First class service to customers is the principal object of every single activity"

Turner Group ●●●●●

The Turner Group - a private, family-owned and operated business since 1912- has its head office in Glasgow. The company has a turnover in excess of £240million and over 2400 employees, the majority based outside Scotland and many based overseas.

The principal activities of the Group are in Service and Distribution, Facilities Management and Asset Rental, the latter being home to TCL Tanker Rental.

Tanker Rental ●●●●●

Choose the rental option which best suits you and your circumstances

TCL is at the forefront when it comes to Tanker hire and rental. We specialise in long-term rental but we also offer short term rental, rentback and spot hire at competitive rates.

TCL'S RENTAL FLEET

- | | | |
|---------------------|------------------------------|------------------------------|
| Food Tankers | Milk Farm Collection Tankers | Non-hazardous Vacuum Tankers |
| Water Tankers | Milk Reload Tankers | High-powered Vacuum Tankers |
| GP Chemical Tankers | Storage Tankers | Bitumen Tankers |
| Fuel Tankers | ADR Vacuum Tankers | |

Benefits of Rental from TCL

- **flexibility:** you can react more easily to new business wins and seasonal fluctuations
- **availability:** we have a fleet of over 200 units at your disposal
- **predictability:** we give you known costs over your rental period to give you confidence when tendering or business planning
- **adaptability:** our rental period can match your contract timings
- **suitability:** we provide bespoke design and build specifications to meet your industry requirements
- **desirability:** our high capital investment programme allows us to provide a pipeline of new-build equipment
- **stability:** we have the financial backing of the Turner Group

Long Term Rental Additional Benefits

- avoid high capital expenditure and improve your Balance Sheet
- focus on your core operation while we provide full in-house back-up for tanker management, service, testing, breakdown and repair

Short Term Rental Additional Benefits

- you have opportunity to "try before you buy" or go for long term rental
- your tanker can be used for short-term storage as well as transport

Operational support ●●●●●
