

QHSE Policy Statement

TCL Tanker Rental, one of the UK's largest stainless steel tanker rental companies, with over 20 year's experience of the UK market. Our rental fleet has grown to over 200 state-of-the-art tankers and will continue to expand to cater for the needs of a variety of market sectors, including Waste, Chemical, Petroleum, Food, Milk and Water, in both the UK and overseas. We provide a range of services from our site in Garforth (Leeds), including:

- Rental Tanker Fleet;
- Equipment servicing and repair;
- Replacement parts and accessories;
- Inspection & Testing of Tankers

TCL Tankers Ltd is a division of Mitchell Diesel Ltd, a Turner Group company, based in Glasgow, Scotland. The Turner Group is a diverse company operating in many different countries throughout the world in a variety of industries, including Facilities Management, Aviation, Diesel Power, Transmissions, Vehicle Hire and many more.

Michael Smith
Director

Health and Safety:

People are TCL Tankers Ltd most important asset and the provision of a safe and healthy work environment is therefore one of the company's key priorities. As such, we will:

- Maintain and continually improve a fully documented Health and Safety Management System in line with BS OHSAS 18001:2007.
- Effectively control the health and safety risks of our work activities and prevent accidents and cases of work related ill health.
- Comply with all relevant legal and other requirements that are applicable to our business activities.
- Strive to create and maintain the safest working environment for everyone who works with us (including employees and our contracted 3rd parties) and engage all employees on day-to-day health and safety conditions: 'Work Safe Home Safe'.
- Raise awareness, educate and provide training for staff on health and safety matters and provide appropriate resources to ensure that this health and safety policy is implemented in full.
- Provide and maintain plant and equipment and ensure the safe handling and use of substances during work activities.
- Regularly monitor our performance to identify any areas for improvement to ensure that we achieve our health and safety

Quality:

TCL Tankers Ltd is committed to providing its customers with products and services which fulfil their expectations. As such, we will:

- Manage and continually improve a fully documented Quality Management System based on the requirements of BS EN ISO 9001:2015.
- Provide the best possible service to our clients at all times.
- Raise awareness, educate and provide training to staff on quality matters and provide appropriate resources to ensure that this Quality Policy is communicated and implemented in full.
- Regularly monitor our performance, conduct internal quality reviews and identify opportunities for continuous improvement to ensure that we are achieving our quality objectives and targets.

Environment:

TCL Tankers Ltd considers care for the environment to be critically important and is committed to continually improving our environmental performance at all levels. As such, we will:

- Maintain and continually improve a fully documented Environmental Management System based on the requirements of BS EN ISO 14001:2015.
- Comply with all relevant legal and other requirements that are applicable to our business activities.
- Develop management and operational procedures to prevent pollution, minimise waste, conserve resources and promote recycling wherever practicable.
- Review our management and operational procedures and significant environmental impacts identified will be managed to minimise the harmful effect that may have on the environment.
- Raise awareness, educate and provide training to staff on environmental matters and provide appropriate resources to ensure that this environmental policy is implemented in full.
- Establish environmental objectives and monitor our performance against them.

This QHSE Policy will be communicated within TCL Tankers Ltd and will be made available to other interested parties via the organisation's website. The QHSE Policy will be reviewed on an annual basis and, where necessary, revised. Any relevant changes will be communicated to all interested parties.
